Provider Finder® How to Look for Providers as a Guest or Public Search

Find your provider today.

Blue Cross and Blue Shield of Illinois wants to help you get the most from your health care benefits. Using independently contracted in-network providers is one way to keep your out-of-pocket costs lower.

Find out if your provider is in-network. Use Provider Finder as a guest to look for doctors, hospitals and other health care providers before you get your member ID card.

1. Go to bcbsil.com.
2. Click [Find Care](#) and select [Find a Doctor or Hospital](#).
3. Scroll down to [Search as a Guest](#).
4. Enter the city and state or ZIP code where you want to search. Select [Employer Plans](#) and select the state you currently live in.
5. In the [Select your PPO Plan](#), choose the network [Participating Provider Organization \(PPO\)](#). Your employer may give you a different network name if you live in certain states.
6. You can filter results by checking boxes, such as [Accepting New Patients](#) and [Offers Telehealth](#) or specify the distance you want to travel.
7. Click [View Profile](#) to get more details about the provider.

After you get your member ID card, register for Blue Access for MembersSM and log in there for personalized search results.

Your group benefit plan is administered by BCBSIL. This plan gives you access to in-network doctors and hospitals throughout the U.S. even if you do not live in Illinois.
