

LET'S COMPARE...

FAST STOP CARD

No "rewards" that expire

No quarterly "enrollment" needed

No max amount on how much \$\$ you can save or number of gallons for discount

No transaction limit
- you can pump more than \$50 in fuel

No wondering what qualifies for cash back

No annual fee

No rewards restrictions

No need to calculate "points"

No points or rewards to redeem

No need to buy something else to get a discount

No card fraud

OTHER CARDS

Maybe?

It depends

Not always

Doubtful

Check the list

Highly unlikely

Gotta read the fine print

$x\$ + y\#items = z\#points$

Redeem where? How?

Not usually

It's risky out there...

FLIP OVER FOR DETAILS

THE FAST STOP DIFFERENCE...

No "rewards" that expire

Your 3¢ per gallon savings are available 24/7/365.

No quarterly "enrollment" needed

Keep your savings simple – just swipe your FAST STOP Card & save 3¢ every gallon, every fill, every day.

No max amount of \$\$ you can save or number of gallons discounted

You save 3¢ on every gallon of gas, no matter how big your gas tank is or how often you fill up.

No transaction limit – you can pump more than \$50 in fuel

Other cards make you swipe twice to spend more than \$50 at the pump – not the FAST STOP Card. Swipe and fill 'er up!

No wondering what qualifies for cash back

With your FAST STOP Card, your "cash back" is 3¢ every gallon, every fill, every day.

No annual fee

Your FAST STOP Card doesn't come with hidden fees. Just savings of 3¢ every gallon, every fill, every day

No rewards restrictions

Forget pages of fine print and various restrictions.

Only "limitation" is your 3¢ savings only works at our 18 AGRILAND FS-branded FAST STOP locations.

No need to calculate "points"

Why do a bunch of math to figure out how much each purchase earns you in rewards?

Just swipe your FAST STOP Card and know you're saving 3¢ on every gallon, every fill, every day.

No points or rewards to redeem

Your savings of 3¢ per gallon are automatically reflected on your monthly statement. Swipe, fuel, save – it really is that simple.

No need to buy something else for a discount

FAST STOP is fuel-focused. Get in, get your fuel, save 3¢ per gallon, get back on the road. Don't worry about how much you spend in another store or what purchases qualify for extra savings.

No card fraud

Your transaction is safe and secure, even from a card skimmer. Without your Driver ID, your card cannot be used, and it can't be used anywhere else.

DOES YOUR CARD DO THIS?

LOYALTY. IT MATTERS – AT THE PUMP AND IN YOUR WALLET.
